Introducing YourTrip

Rail Ticketing

YourTrip provides two options for ticketing: collection on departure from the train station or electronic tickets (when supported by both the train operator and the selected route).

If an electronic ticket is selected, the ticket link is contained within your email confirmation, which has a 3D bar-code ready to be scanned by staff.

Top Tip: you may also find it helpful to download this ticket to your mobile phone's 'wallet', for ease of use and calendar synchronisation.
